Mike,

See the attached for edits, I didn't make a ton of changes. Also, I'm not sure this is the place to add in the Wolbachia section 3 application, that would be a considerable amount of effort to do by Monday I think. I'm also not sure if its publicly known that we have the Wolbachia application either and I'm not exactly sure who the audience is here.

Let me know if you want more details, I'm compressed tomorrow so I can spend more time on this on Monday.

Eric,

Can you send me edits? Thanks.

Mike

We will need to update this a bit to account for the last 6 months or so.

Subject: Budget Hearing Fact Sheet

Bob and Anne,

Can BPPD make any necessary updates to the attached budget hearing fact sheet on Oxitec's GE Mosquito Experimental Use Permit. This was included in the list of fact sheets from the hearing last September. If we have any new registrations in-house, can we also include that in this fact sheet? If so, we can change the title to make it more generic.

Is it possible to get any updates back by 3:00 on Monday? These are due to OPMO on Monday. Thanks for any assistance you can provide.
